Re: CC Docket No. 92-77, Billed Party Preference, Phase II Proceeding

Dear Mr. Caton:

Enclosed please find letters from our membership in support of Billed Party Preference in regard to the above-named CC docket no.

As you can plainly see by the number of letters enclosed, this matter has extensive support of inmates. It is our hope that by this show of support, you will recognize the gravity of the proposed Billed Party Preference, and will give said proposal quick approval.

Yours Sincerely,

Richard M. Johnson
Chairman
The Gardner Fellowship Group

Re: CC Docket No. 92-77, Billed Party Preference, Phase II Proceeding

Dear Mr. Caton:

I am a member of The Gardner Fellowship Group, and an inmate at the North Central Correctional Institution of the Massachusetts Dept. of Correction. I am writing to express my support for Billed Party Preference in regard to the above-named CC Docket number.

As an inmate in a correctional institution, it is very important to me that I maintain communications with my friends and family members. However, because of the unreasonably high cost of collect telephone calls from inmate-only telephones, maintaining such contact is difficult. My friends and, in particular, my family members are forced to pay these high costs from collect calls in order to keep in touch with me. These family members did not commit any crime; unless you consider maintaining contact with a convict to be a crime, that is. I can see no reason for correctional facilities to be exempted from any Billed Party Preference that may be adopted by the FCC, other than for the correctional facilities to be able to continue raking in the **huge** amounts of money they make in commissions from the telephone companies for the exclusive right to provide inmate telephone services.

I urge you to keep inmate telephone services as part of any Billed Party Preference that may be adopted by the FCC, and I urge you to adopt this proposed new regulation.

Sincerely,

Re: CC Docket No. 92-77, Billed Party Preference, Phase II Proceeding

Dear Mr. Caton:

I am a member of The Gardner Fellowship Group, and an inmate at the North Central Correctional Institution of the Massachusetts Dept. of Correction. I am writing to express my support for Billed Party Preference in regard to the above-named CC Docket number.

As an inmate in a correctional institution, it is very important to me that I maintain communications with my friends and family members. However, because of the unreasonably high cost of collect telephone calls from inmate-only telephones, maintaining such contact is difficult. My friends and, in particular, my family members are forced to pay these high costs from collect calls in order to keep in touch with me. These family members did not commit any crime; unless you consider maintaining contact with a convict to be a crime, that is. I can see no reason for correctional facilities to be exempted from any Billed Party Preference that may be adopted by the FCC, other than for the correctional facilities to be able to continue raking in the **huge** amounts of money they make in commissions from the telephone companies for the exclusive right to provide inmate telephone services.

I urge you to keep inmate telephone services as part of any Billed Party Preference that may be adopted by the FCC, and I urge you to adopt this proposed new regulation.

Sincerely,

Signature
